Error in Table 3

In the original publication [1], there was a mistake in Table 3. The sign “>” before the number 50 in the final row should have been “<”, and it represents a typographical error that does not affect any other section of the article. The corrected Table 3 appears below. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

The original table version appears below.

Table 3. Intervention measures by the IARA in the holdings affected by the agrarian reform.

Compliance with the Average Value (%)	Intervention Instrument	Compliance with the Optimal Value (%)	Underutilised Land Tax Payment
>100	Exemption	≥80	No
≥50 and ≤100	Enforced		
>50	Improvement Plan	<80	Yes
	Compulsory Purchase		

The new version of the table is below.
